

District Induction Classes for New Teachers

Per Colorado regulations, induction classes are required within the first three years for new teachers to Colorado who have an Initial Teacher's Licenses . The district provides these classes for new teachers, and they are offered free of charge to any district employees. Recertification hours will be offered to all but the new teachers. Each class is nine hours, broken into three-hour sessions. You must complete all three sessions of a class to get credit for induction or for recertification. We will be getting more information about the class details, but please mark your calendars and plan to attend.
