Dear Delta County Parents, Families, Staff, and Students,

On behalf of the School District, I want to make sure all of you know that Delta County School District is being proactive in addressing the Coronavirus Disease 2019 (COVID-19), which is getting a great deal of press and attention across the world right now. While there are currently a few cases in Colorado, we are prepared in the event it occurs within our County. We have protocols in place to deal with an outbreak of staff and/or student illness. We are in contact with Delta County Public Health to make sure we have the most up-to-date information and are updating many of those procedures to address any specific needs related to this virus. At the school level, our custodians are doing a thorough job of cleaning and disinfecting. We will do all we can to support the health and safety for all of our students and staff and to prevent the illness from spreading wherever possible.

As this is allergy/cold/flu season, we are still experiencing illnesses at many of our schools that look and act like the common cold, influenza, and other allergy-type reactions. If you are experiencing any symptoms and are at all concerned, please check with your doctor.

Please follow these Public Health Recommendations, which are always a good idea throughout the year:

- Wash hands frequently with soap and water or alcohol-based hand sanitizer.
- Cover your nose and mouth when coughing and sneezing.
- Avoid close contact with anyone with cold or flu-like symptoms.
- Stay home if you are sick.
- Get an annual flu vaccine if you have not had one.

For additional information, please see our web site at www.deltaschools.com. The safety and security of our students and staff is always foremost in our priorities. If you have any questions, please contact us.

Sincerely,

Caryn Gibson, Superintendent

Delta County School District

"Caring, Challenging, Learning—Every Student, Every Day"
