

## Staff Dress Code

Teachers and other staff members project an image to the community and to students about the professionalism of the district. During the workday and at all work-related activities, employees shall adhere to a professional standard of dress and shall be neat and clean in appearance. The building principals and other department supervisors have the final authority to decide what is professional attire.

Notwithstanding any other provisions of this policy, departments within the district may require that non-licensed staff adhere to identified dress code requirements within the department in order to promote a safe and productive working environment.

Delta County School District 50J
