

## School-Related Student Publications

(School Publications Code)

The Board encourages students to express their views in school-sponsored publications while observing rules for responsible journalism and complying with this policy and state and federal law. To protect the rights of all members of the school community and to support the district's educational mission and purposes, students are prohibited from publishing expression which:

- is false or obscene;
- is libelous, slanderous, or defamatory under state law;
- presents a clear and present danger of the commission of unlawful acts, violation of school rules, or material and substantial disruption of the orderly operation of the school;
- violates the privacy rights of others; or
- threatens violence to property or persons.

Student editors of school-sponsored publications are responsible for determining the news, opinion, and advertising content of their publications subject to the limitations of this policy, its accompanying regulation, and applicable state and federal law. Any publication must be reviewed by school administration prior to distribution for the prohibitive content listed above. The publications advisor within each school is responsible for supervising the production of school-sponsored publications and for teaching and encouraging free and responsible expression and professional standards of journalism.

The publications advisor has authority to establish or limit writing assignments for students working with publications and to otherwise direct and control the learning experience that publications are intended to provide when participation in a school-sponsored publication is part of a school class or activity for which grades or school credits are given.

No expression made by students in the exercise of freedom of speech or freedom of the press shall be deemed to be an expression of school policy, and no school district or employee, or parent, or legal guardian, or official of such school district shall be held liable in any civil or criminal action for any expression made or published by students.

Neither the publications advisor nor any public school employee may be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a student engaged in protected conduct, as outlined in C.R.S. 22-1-120, or for refusing to infringe upon conduct that is protected by state law or the First Amendment to the U.S. Constitution.
